Sustainable Mobility
Work shop
Chair: Margrethe Sagevik, NSB
Workplan: From Madrid to Venice via Potsdam

• The 2010 UIC Sustainability Conference in Madrid asked members to help develop the work plan for UIC actions at the global level.

• This was followed by the Potsdam Workshop in October 2010 which brought together key external stakeholders to discuss rail and sustainable development.

• The Potsdam workshop outcomes became the work plan for the global actions of the UIC sustainability program.

• This presentation summarizes the progress made in delivering the Potsdam workshop goals.
Conclusions

• Continue the cooperation with UN
  ➡️ make the long walk through the institutions

• Focus from climate change towards sustainable development

• Bring transport into & join the sustainable development discussions – globally
  ➡️ organise regional UIC Sustainability conferences, ex with Chinese and Indian Railways
Conclusions

• Be involved – be updated on the processes and procedures, eX
  • UN Habitat 2016 with official stakeholder process starting in 2014
  • Land-locked countries, join early, in 2014
• Bring the Declaration and the indicators and quantitative targets
• Remember one country, one vote
Conclusions

- Share the systematic approach – the 12 step plan

Overall, progress to implement Potsdam Workshop is good, with the majority of actions either completed or ongoing.

</table>

**Question:** Should the remaining tasks be continued?

- Consider starting the yellow and red parts with partners
