

13th UIC Sustainability Conference

Sustainability Champion
12.10.2016

ÖBB-Infrastruktur AG is best in class!
TOP ESG rating achieved

Thomas Schuh

12, 13, 14 October 2016

ÖBB-Infra AG achieved TOP rating as ethical, ecological and social responsible investment

Why ESG ratings?

Dynamic, growing market for ethical investments
Reputation is a major asset today

Who is rated by ESG ratings?

Companies that are present at the capital market (shares, bonds, etc.) and that are not excluded from the rating due to controversial activities or business malpractices.

How is the ESG rating done?

A set of more than 100 sectorspecific indicators is used. Publicly available data is combined with media screening and experts interviews, etc. Feedbackloops with the rated companies

Added value?

Image, PR & investor relations, brand equity, positive for external evaluations (audits, audit court, authorities, insurances), company vision, KPIs etc.
